MR. JOHN C. FRANTZ

1. Mr. Frantz welcomed and introduced Mr. Cecil McElhaney a loaned executive from the Bank of America, whose services are available to the Public Library for at least 6 months and no longer than 1 year.

Mr. McElhaney has been given a number of projects to work on to help the Library, the principle one being the application of automation to library procedures.

2. Mr. Frantz commented on the superb job Keep Libraries Alive did in taking a delegation to Sacramento on January 7, 1980 for a Senate Finance Committee hearing on SB958.

The Commission was informed that the Senate Finance Committee by a vote of 11-1 recommended a do pass on SB958, but as amended the appropriation down from \$100,000,000 to \$50,000,000.

The Commission was presented with a straight xerox of a working copy entitled SB958 Alternative Proposal by author Senator Neilsen and Chairman Senator Rodda.

Mr. Frantz informed the Commission that the bill will go to the Senate floor on January 28th and that any action to be taken informing Senators of the bills importance must be made between now and that date.

3. Mr. Frantz stated that he filed an appeal for further Ceta extensions for Judith Solomon, Russell Hartley, and Judith Waldhorn who were scheduled to be terminated on December 31, 1979. That appeal was denied. Judith Solomon and Russell Hartley at the Archives are now ex-Ceta employees. Judith Waldhorn is still working at the Library supported by a special grant obtained by the Friends and Gladys Hansen.

4. Mr. Frantz reported at the December meeting that the HEW request for funding under Title I of LSCA had been cut back from 62.5 million dollars to 56.9 million . During December (due in part to the White House Conference) the OMB restored the amount to 62.5 million dollars.

5. Mr. Frantz reported that on January 4, 1980 he, Commissioner Stern and Commissioner Raymundo attended the Presentation Ceremony by the Filipino-American JC's of 12 copies of the book Babba Has Golden Feathers. Mr. Frantz further stated that it was a heart warming event and was setting an example by the Filipino Community of what Public Service Organizations can do for libraries.

6. Mr. Frantz yielded time to Roberto Esteves of the Communications Center who showed a video tape he co-created with Roger Mocenigo which presented information on the Center. The video explained the history of the Presidio Branch-Communications Center, included interviews with librarians and effectively presented services provided for the disabled.

The hard work and dedication of Roberto Esteves and Roger Mocenigo in preparing both an insightful and sensitive view of the Communications Center is deeply appreciated by the Library Commission.

SAN FRANCISCO PUBLIC LIBRARY
SPECIAL COMMISSION MEETING

SAN FRANCISCO PUBLIC LIBRARY

MAR. 10 1980

SCIENCE & TECHNOLOGY DEPT.

A Special meeting of the San Francisco Public Library Commission was held on Friday, February 29, 1980, in the Main Library.

The meeting was called to order at 5:00 PM by Commissioner Bransten, President of the Library Commission.

On roll call, Commissioners Bransten, Callanan, Englander, Jebe, Raymundo, Richardson and Stern were present.

SPECIAL ORDER OF BUSINESS

Adoption of 1980-81 Library Budget

1. President Bransten asked Commissioner Jebe, Chairperson of the Finance Committee to report on recommendations his Committee is making concerning the adoption of the 1980-81 Library budget.

2. Commissioner Jebe presented to the Commission the Finance Committee's recommendation that Plan "B" of the Library budget be accepted. This was seconded by Commissioner Englander and opened for discussion.

3. Mr. Frantz presented Plan "B" in writing. This plan minimizes the closing of library facilities.

Mr. Frantz noted that Plan "A" is more efficient for library services, but Plan "B" reflects the Library's attempt to accommodate the views of the public.

4. Commissioner Englander moved to amend Plan "B" over and above the budget presented to the Mayor, requesting the upgrading of the security staff from Watchman to Building and Grounds Patrolman or Institutional Policeman. As an alternative he suggested that library security be assigned as a Police Department responsibility. This was seconded by Commissioner Stern and unanimously approved.

Flo Mitchell thanked Commissioner Englander for adding this amendment, but stated she was disappointed that it was added as an addendum. She further stated that she didn't think it would be funded or approved presented in this manner.

5. Commissioner Stern voiced her opposition to closing the Business Branch at the 80% level. This topic was then opened for discussion.

Bill Ramirez stated that at the present staff level, with rent and miscellaneous expenses the Business Branch costs approximately \$270,000.00 per year.

Commissioner Stern moved to keep the Business Branch open at the 80% level and try to get financial help from private sources. This was seconded by Commissioner Callanan.

Mr. Ramirez pointed out the drastic effects this would have on the Main Library, such as reduced hours of weekly service.

Commissioner Raymundo moved the amendment to keep the Business Branch open under the 80% level only if it is funded 50% by library funds and 50% by private funds. This was seconded by Commissioner Richardson.

6 Commissioner Callanan moved the question of the amendment of Plan "B" to include the Business Branch at the 80% level with 50% City funding and 50% private funding. This was seconded by Commissioner Stern. Roll call vote: Ayes-Commissioners Stern, Callanan, and Raymundo. Noes-Commissioners Bransten, Englander, Richardson and Jebe.

7. Commissioner Bransten moved reconsideration of the proposed amendment. This was seconded by Commissioner Callanan. Roll call vote: Ayes-Bransten, Callanan, Jebe, Stern, Richardson, Raymundo. Noes-Englander.

8. Commissioner Raymundo restated the motion to keep the Business Branch open at the 80% level with 50% City funds and 50% private funds. Roll call vote: Ayes- Stern, Raymundo, Callanan, Bransten. Noes-Englander, Jebe, and Richardson.

9. Commissioner Callanan moved the question of the adoption of Plan "B". This was seconded by Commissioner Englander. Roll call vote: Ayes-Bransten, Callanan, Jebe, Stern, Raymundo, Richardson. Noes-Englander.

10. Commissioner Callanan moved that the Commission submit the adopted budget with a covering memorandum to the City Administration stating that the Commission has complied with their request to submit budgets at 80%, 90%, and 93% of the current years budget. The Commission urges the adoption of at least the 93% budget with the possible inclusion of funds to maintain Ocean View Branch. The Commission further expresses its displeasure with the fact they were in the position to make these choices and unanimously urges the Mayor and Board of Supervisors to fund the Library at least 100% of its present budget. This was seconded by Commissioner Richardson and unanimously approved.

The second and third parts are for library acquisitions, including Technical Services, and Library Management, including support services.

Mr. Seaton was commended for his assistance to the library in implementing the FIRM program and his report was accepted.

2. Mr. Frantz informed the Commission that Mr. McGinnis and Mr. Marcelleno were successful in getting a resolution through the Board of Supervisors approving as a policy declaration the use of branch libraries that might have to close as potential space for providing library services for the blind & visually handicapped.

RESOLUTION #1200

WHEREAS, it is the duty and obligation of the City and County of San Francisco to provide library services to all of its citizens;

WHEREAS, The Charter of the City and County of San Francisco places the responsibility for implementing this policy upon this Library Commission; and

WHEREAS, In 1971 the Public Library System of the City and County of San Francisco with the cooperation and the support of the Library of Congress, the California State Library System and the United Postal Service initiated the "Talking Book Program" for the blind and print

reading disabled residents of San Francisco; and

WHEREAS, The few talking books initially available for the use of these residents were housed in a portion of the Main Library that was totally inaccessible to these patrons; and

WHEREAS, In the year 1977, as the result of a grant secured under the Library Services and Construction Act; and a budget augmentation by the City and County of San Francisco; and the leadership and direction of this Library Commission; the program for the blind and print reading disabled was transferred to the Presidio Branch Library with a full time librarian in charge; and

WHEREAS, this was the first step in providing local library services to which this segment of the City's population is entitled, on a basis approaching parity with the services available to the sighted and able-bodied; and

WHEREAS, San Francisco's "Talking Book Library Program" has become nationally reorganized as an historic milestone in the field of library science; and

WHEREAS, As a result of this expansion of patronage and reading materials, the facility at the Presidio Branch Library has become intolerably overcrowded; leading to the steady deterioration of services and the curtailment of patron utilization; and

WHEREAS, Due to threatened fiscal constraints faced by the City & County of San Francisco it may be necessary to close certain branches of the San Francisco Public Library System thereby leaving valuable property idle, nonproductive and exposed to vandalization; now, therefore, be it

RESOLVED, By the Library Commission of the City and County of San Francisco, this 6th day of May that the Commission recognizes the need of the blind and print reading disabled for complete library services; and, be it

FURTHER RESOLVED, That in the event that budgetary constraints compel the clousure of library branches, this Library Commission fully endorses the transfer of the Talking Book Library to one of the closed branches which is found to be suitable, accessible and functional; and be it

FURTHER RESOLVED, That the City Librarian be hereby requested to implement the intent of this resolution

Mr. McGinnis further stated that these facilities should be housed under one roof.

3. Mr. Frantz stated that early last week he received a request from the Mayor's Office to prepare a supplemental budget request that would represent the minimum amount required beyond the 93% increment to keep all employees on and all branches open.

CITY LIBRARIAN'S REPORT

MR. JOHN C. FRANTZ

1. Mr. Frantz reported that recently Mr. Ramirez, CDL, had been admitted to a hospital in Sacramento. All tests proved negative and it is hoped he will resume work next week.

2. Mr. Frantz announced his attendance at the Education Sub-Committee of the Assembly's Ways and Means Committee meeting which heard testimony on SB 950. The three problems the Sub-Committee confronts with SB 950 are:

1-the amount of money, approximately \$50,000,000.

2-SB 950 is a flat formula of matched State and Local funds and it is contended that this subsidizes the wealthier districts.

3-SB 950 seems to set a precedent in the Committee's eyes for creating a State subsidy for a program that's traditionally been locally funded.

SB 950 was put in the suspense file to be taken up after the last week in August when the Assembly reconvenes.

Mr. Frantz recommends perseverance in writing Assemblymen, Chairman Hart of the Sub-Committee, and John Vasconcelas, Chairman of the Assembly Ways and Means Committee and Speaker, Leo McCarthy.

3. The budget analyst for the Supervisor's Finance Committee made some minor cuts in the Library budget.

COMMISSION MEETING

SEPTEMBER 2, 1980
Minutes

The regular meeting of the San Francisco Public Library Commission was held Tuesday, September 2, 1980 at the Main Library.

The meeting was called to order at 7:40 p.m. by President Bransten.

On roll call the following were noted present: President Bransten, Commissioners Englander, Jebe, Richardson, and Raymundo. Commissioners Stern and Callanan were excused.

It was moved by Commissioner Englander, seconded by Commissioner Raymundo, and unanimously approved that the minutes of the Special Meeting of July 28, 1980 and the minutes of the regular Commission Meeting of July 1, 1980, be accepted.

LIBRARY ADMINISTRATION REPORT
MR. JOHN C. FRANTZ

1. Mr. Frantz reminded the Commissioners that directly after the adjournment of the regular Commission meeting, the Commissioners would reconvene as the CLSA Advisory Board for some announcements by Anne Kincaid.

2. Mr. Frantz announced that SB 958 passed the assembly in a vote of 76 - 0. However, it is believed that Governor Brown will veto the bill on the grounds that:

- a. the bill does nothing for the disadvantaged; and
- b. the bill does nothing for ethnic minorities.

Mr. Frantz stressed the importance of letters, telegrams, and most especially phone calls, to the Governor's office and Gray Davis in support of SB 958 to let them know that the bill does, indeed, provide for the disadvantaged and minorities.

The Friends of the Library and Keep Libraries Alive reported that they have been sending messages to the Governor's office.

Mr. Frantz reported that Mayor Feinstein is writing a letter to Governor Brown; Supervisor Quentin Kopp, who was going to Sacramento on September 3, will ask Governor Brown for his support; and Dr. Martha Boas will call the Governor's office.

COMMISSION MEETING
MINUTES-PAGE 2

President Bransten went on record thanking Ms. Stong of KLA, Friends of the San Francisco Public Library, Grace Macduff, Vice President of Friends of California Libraries, Cornelia Hunt, and everyone who helped for all of their hard work on SB 958.

Mr. Frantz also announced that there would be an editorial on SB 958 in the Examiner on Wednesday, September 3, 1980. (An article also appeared in the September 3, 1980 edition of the San Francisco Progress.)

3. Mr. Frantz reported on the Board of Supervisors' August 7, 1980 meeting of the Urban and Consumer Affairs Committee which he attended with Commissioners Stern, Jebe, and Callanan. They explained the function and purpose of the SFPL Commission and the continuance of the Commission was approved by the Board of Supervisors on August 18, 1980.

4. Mr. Frantz reported on a meeting he and Commissioners Bransten and Jebe held in early August with Greg Hurst of the Chamber of Commerce, Ray Sullivan of the Mayor's office, and David Lelewer of the Friends to discuss the fund-raising efforts of the Friends on behalf of the SFPL. They agreed that the Friends could continue to solicit contributions from the corporate community, and that the Chamber of Commerce would provide such facilities as mailing lists, etc.

5. Mr. Frantz reported on the brunch he and Commissioner Stern attended on August 4, 1980 honoring retiring State Librarian Ethel Crockett.

6. Mr. Frantz informed the Commission that Ms. Terry Simpson would be our new principal contact in the Mayor's Office for routine library business as our former contact, Betty Guimaraes has a new assignment.

7. Mr. Frantz reported that the library still has not heard from USDOL whether or not the waivers for CETA librarians and library technicians will be forthcoming. However, Mr. Frantz suspects that the delay is a good sign.

Commissioner Richardson asked if there were a contingency plan in case the waivers were not forthcoming. Mr. Frantz replied that the supplemental budget that the Board of Supervisors requested the Mayor to submit would compensate in large part for the CETA damage, but that the conversion of branches to reading centers would probably then be unavoidable.

8. President Bransten brought up the issue of the special library tax. He suggested he and the Finance Committee of the Commission meet with Mayor Feinstein to determine her policy attitude toward special taxes. After a discussion of the issue, however, it was decided that no action be taken by the Commission at this time.

SYSTEM ADVISORY BOARD MEETING MINUTES

SEPTEMBER 2, 1980

The San Francisco Public Library System Advisory Board convened at 9:10 p.m. on Tuesday, September 2, 1980, in the Commission Room in the Main Library. All members were present with the exception of Commissioners Stern and Callanan who had been excused.

John C. Frantz, City Librarian and System Administration asked Anne Kincaid, who serves as Program Manager for the California Library Services Act Program, to make several announcements. She said that Ernest Gaines, who represents the economically disadvantaged, and Fay Blake, who represents school libraries, had resigned from the California Library Services Board. Several other vacancies also exist on the board which needs a quorum to transact business. It is hoped that the new State Librarian, Gary Strong, can stimulate the Governor to fill these vacant positions.

Referring to action the Board took in its capacity as the City Library Commission in submitting a Notice of Intent to affiliate with the Bay Area Library and Information System, Miss Kincaid reported that we are attending BALIS meetings and studying to see how the two programs could be merged to provide better library service for San Francisco residents but that no concrete steps have been taken as of yet.

The Board passed a resolution to congratulate the new State Librarian on his appointment and to invite him to attend one of its future meetings.

SAN FRANCISCO
PUBLIC LIBRARY

OCTOBER 7, 1980

Minutes

The regular meeting of the San Francisco Public Library Commission was held Tuesday, October 7, 1980 at the Main Library.

The meeting was called to order at 7:40 p.m. by Commissioner Jebe.

On roll call the following were noted present: Commissioners Englander, Jebe, Richardson, Callanan, Stern and Raymundo. President Bransten was excused.

It was moved by Commissioner Englander, seconded by Commissioner Raymundo, and unanimously approved that the minutes of the regular Commission Meeting of September 2, 1980, be accepted.

LIBRARY ADMINISTRATION REPORT
MR. JOHN C. FRANTZ

1. Mr. Frantz announced Governor Brown's veto of SB-958, on the grounds that it would not be "responsible to approve the \$18 million annual expenditure required by this bill." But Governor Brown invited the library community to resubmit the bill next year.

Mr. Frantz reported that David Sabsay is organizing a meeting of some of the State's librarians, the budget officer and some of the legislative people on the Governor's staff to talk about possible sources of funding for local libraries.

Mr. Frantz also reminded the Commission that SB 958 was unanimously passed by the Assembly and by a solid majority in the Senate. Further, Bob Moore of the Governor's office, who was originally against the bill, had made a favorable recommendation to the Governor. Hence, we have some promising momentum in reintroducing the bill.

2. Mr. Frantz reported that on September 10, 1980, Gary E. Strong became the new state librarian.

3. Mr. Frantz reported that he met with Gordon Sabine, a free-lance journalist with the Library of Congress Center for the Book. Mr. Sabine interviewed San Franciscans notable and ordinary on books that have been significant in their lives. Quotes from these interviews will be made into a series of radio tape spot announcements promoting books and reading.

4. Mr. Frantz reported that Mayor Feinstein declared September 22, 1980 Literary San Francisco Day. There was a reception in the Rare Book Room on the occasion of the publication by City Lights and Harpers of Literary San Francisco, a collection of biographical sketches and selections by San Francisco authors.

5. Mr Frantz gave the Personnel Committee of the Commission and Flo Mitchell a first draft of an Affirmative Action Program for the San Francisco Public Library, outlining some goals. The Commissioners were encouraged to read it and offer suggestions at the November 5th meeting. A copy of this draft has also been submitted to the Civil Service Commission and will be revised during the month.

6. Mr. Frantz reported that there was a demonstration in front of City Hall on September 29th by Jim McInnis and Friends of the Talking Book Library. This group is agitating for what would be the equivalent of a separate branch to serve the blind and visually handicapped patrons. Though the Mayor, Supervisors, and Mr. Frantz are sympathetic to their requests, the problems of securing space, funds, and staff are ever present. Mr. Frantz does feel, however, that we should earnestly search for a proper physical setting, qualified staff, and additional funds.

At this point Commissioner Englander suggested developing a survey of SFPL's outstanding problems and the resources available to tackle them. Once these facts are in hand, it can be decided whether there is need for additional policy with respect to the problems, and an estimate of any additional financial resources needed can be made.

Mr. Frantz suggested that one way to approach this is to study the results from the survey conducted by the Urban and Rural Systems Associates who are doing interviews with several dozen people who have an interest in the Library. This should give us some idea of what the unmet needs are at SFPL.

Between this survey and what we already know (i.e., the security problem, the shallow foreign language collection, etc.) we can put together some plan of action.

7. Mr. Frantz reported that the Board of Supervisors approved the Library's supplemental request, which will make it possible to avoid the pairing of branches until June 30, 1981.

Karen Scannell briefly explained what the supplemental budget will provide for. It will allow the unpairing of Bernal, Potrero, Anza, and Golden Gate Valley Branches. The supplemental did not, however, provide money to turn reading centers back into branches.

LIBRARY REPORTS

SECRETARY'S REPORT

MR. RICHARD WALSH

1. Secretary Richard Walsh reported that two CETA guards (classification 8202) had been hired. With the addition of these men,

there will be three guards in the evenings and on Saturdays which will give better protection to the staff.

These new men have been instructed to make themselves very visible and have been made aware of potential trouble areas in the Main Library.

2. Mr. Walsh reported that the Department of Public Works is cleaning and framing the Yerba Buena plaque for hanging at the Marina Branch.

At this point Commissioner Stern asked about the guards at the branches.

Mr. Walsh informed the Commission that there are two CETA aides who open rooms for meetings at branches and make sure the rooms are secure and locked afterwards, but they are not guards.

LIBRARIAN'S GUILD

1. Florence Mitchell spoke of the unimproved security situation at the Main Library. She raised the issue of placing guards at the entrance to the library; a request that had been made previously.

Mr. Ramirez explained that there had been an aborted attempt to create a guard presence at the entrance, but because of a shortage of staff, the guards were needed to patrol the library, guard the exit, and perform their other duties. Mr. Ramirez was confident, however, that with the additional CETA staff, it would be possible to establish a guard presence at the entrance for a significant part of the day as well as having more frequent patrols of the stacks.

2. Ms. Mitchell asked if it were a Commission decision as to which four branches would be converted to Reading Centers.

Karen Scannell answered that the decision was made on the basis of circulation, use, location, and access to public transit.

3. Ms. Mitchell asked if the Main Library would not experience reduced hours or service with the loss of the CETA librarians and other vacancies at the Main.

Mr. Ramirez replied that as of yet we have not had to shut down any departments, but that there has been substituting between departments. Mr. Ramirez reported that there are requests with Civil Service to fill these vacancies, but that usually takes 4 to 5 months. He also reported that a request has been made for CETA positions.

Commissioner Richardson asked what the morale of the staff is.

Mr. Ramirez replied that we are now feeling the shock of not only the loss of CETA librarians, but the cumulative effects of budgetary restrictions on page hours as well.

Ms. O'Donnell of the Science Department told the Commission that the CETA staff, some of whom were specialists, generated a service that cannot be kept up by the regular staff. Hence, the regular staff is now forced to work under more pressure and at a faster pace and this creates a decline in morale.

A discussion of the Civil Service hiring lists, examinations, placing former CETA employees and replacing permanent staff, and temporary positions ensued.

Karen Scannel suggested that one way of speeding up the hiring process is for us to do more of the work in recruiting and hiring; to try to depend less on Civil Service and do as much as we can ourselves.

4. Ms. Mitchell inquired about the status of the Business Branch.

Mr. Ramirez reported that unless there is money forthcoming from the private sector, the Business Branch will probably close January 1, 1981.

KEEP LIBRARIES ALIVE

1. Mary Louise Stong reported on some of the things KLA has done in the wake of the Governor's veto of SB 958.

- a. Letters have been sent to the editors of all major newspapers asking for public outcry.
- b. KGO's Jim Eason show did a spot on SB 958.
- c. Mr. Frantz appeared on Channel 7 News.
- d. KLA is sending out flyers to people asking them to write Governor Brown and express their displeasure.

2. Ms. Stong reported attending a meeting of the Council of Women's Clubs to talk about Library legislation. She found that they in no way support a special library tax. Several women at the meeting reported they were afraid to come to the Main Library because of the security problem.

3. Quentin Kopp told Vivian Goodwin of the KLA that as president of the state-wide County Supervisors Association, he would work towards better library legislation. He strongly endorsed and supported SB 958.

NEW BUSINESS
PROPOSED SAN FRANCISCO MUSEUM

1. Commissioner Jebe reported that the Mayor has appointed a committee for a San Francisco Museum in order to draw together all City artifacts into one museum. This particularly concerns the Library in regards to its special collections holdings. The cost would be \$100,000 and a few sites are being considered to house the museum. Support of the museum would be sought through memberships, government grants, philanthropists, and self-supporting endeavors.

Commissioner Raymundo motioned to refer the issue to the Planning and Operations Committee; this was seconded by Commissioner Stern. Upon roll call the issue was voted down four no's to one aye.

Commissioner Englander then made the motion to send the Commission's opinion to the San Francisco Museum Committee. This was seconded by Commissioner Jebe, and upon roll call was unanimously approved.

The Commission rejects any ideas of a museum on the grounds that it is far too expensive when the funds could be better used in the City. Secondly, the Special Collection holdings are the property of the SFPL, not City Hall, nor any special interest committees and cannot be moved at anyone's whim.

OTHER BUSINESS

1. Glenda Hooper informed the Commission that the IRS has just handed down a ruling that publishers' inventories will be subject to inventory tax. This is a terrible blow for libraries. It means publishers will begin to overlook those books that will not sell this year. If publishers have to store books while waiting for libraries to order them, their costs (and ours) will rise.

Ms. Hooper urged the Commission to contact their Senators and Representatives and the chairpeople of the Committees concerned to express how devastating this would be for libraries.

2. Ms. Hooper also suggested sending thank-you letters to the CETA librarians and technicians, who have been laid off, for their fine service.

3. Commissioner Englander suggested that the Commission send Fred-eric Roscoe of Discovery Books bookstore a thank you letter for his years of contribution to the book life of San Francisco.

4. Ms. Raith of General Reference related the numerous calls she received in response to the L. A. Times' erroneous report that the SFPL had banned Mary Poppins. KGO radio talk show generated countless more inquiries. The most disturbing of these inquiries came from a woman who confronted Ms. Wood, Children's Librarian, and harangued her outright.

Ms. Wood explained to the Commission that the book had been by no means banned, but that it was not circulating. Mary Poppins is shelved with the historical collection and indeed, there are few requests for it.

The librarians' main concern is fear of pressure on their book selection process.

ADJOURNMENT

1. There being no further business to transact, the October 7, 1980 Commission Meeting was adjourned at 9:45 p. m.
2. The next regular meeting of the Library Commission will be held Wednesday, November 5, 1980, at 7:30 p. m. in the Main Library.

Respectfully submitted,

COMMISSION MEETING

NOV 19 1980

SAN FRANCISCO
PUBLIC LIBRARY

NOVEMBER 5, 1980

Minutes

The regular meeting of the San Francisco Public Library Commission was held Wednesday, November 5, 1980 at the Main Library.

The meeting was called to order at 7:40 pm by President Bransten.

On roll call the following were noted present: President Bransten, Commissioners Englander, Jebe, Callanan, and Stern. Commissioners Richardson and Raymundo were excused.

It was moved by Commissioner Jebe, seconded by Commissioner Callanan, and unanimously approved to accept the minutes of the regular Commission Meeting of October 7, 1980.

LIBRARY ADMINISTRATION REPORT

Mr. John C. Frantz was excused from the Commission Meeting to attend meetings in Sacramento. In his absence, Karen Scannell acted as City Librarian.

1. Ms. Scannell asked the Commission to go on record opposing any fees for basic library services by taking action on Mr. Frantz's Draft Policy on Library Fees.

Commissioner Stern moved the adoption of this policy; it was seconded by Commissioner Jebe and unanimously approved.

Mr. Lawrence Marcelino, a member of the audience, commended the Commission on adopting this policy.

2. Mr. William Ramirez brought the Commission up to date on the status of the Business Library. He began with a background of the funding of the Business Library.

When making the budget for this fiscal year, the administration was faced with either closing the Business Library or making substantial cuts in Main Library service. It was recommended that instead of making cuts, help should be sought from the private sector. In this way, the Business Library would be supported half by the City and half by funds secured from private sources.

To provide time to seek outside funding, the Commission decided to fund the Business Library until December 31, 1980. If funds from the private sector were not forthcoming by that time, the Business Library would probably be closed. The cost of the rent for the remaining six months of the fiscal year, at \$20,000, is available from the Friends of the San Francisco Public Library.

Hence, what we are faced with are staff costs for the remainder of the fiscal year. Happily, though, we now do not have to look to December 31, 1980 as a deadline. Money has accrued from savings over and above the mandatory salary savings allotment during the past four months and the library has \$18 - \$20,000 to cover salary costs at the Business Library through at least February, 1981.

These funds are expected to continue to accrue, though at a lesser rate. If support from the private sector is encouraged and applied to salary costs at the Business Library, then it can continue for most of the remainder of the fiscal year without the reductions in Main Library service that would be the only alternative to closing it.

Mr. Ramirez offered to report to the Commission at its regular monthly meetings on the progress of the accrual of these monies and the status of the Business Library.

David Lelewer of the Friends said that given the demands on the private sector in these times, it is unrealistic to think that the Friends would be successful in raising all the needed funds.

With these facts in mind, Commissioner Englander moved to ask the Board of Supervisors for a supplemental appropriation of \$60,000 for staff costs and some materials to keep the Business Library afloat until the end of the fiscal year. This was seconded by Commissioner Callanan and unanimously approved.

Chris Curry of the KLA suggested that in submitting the supplemental, the library's constituencies be identified to the Supervisors. Besides the business community, people from Chinatown and the Tenderloin use this as their neighborhood library.

The Business Library also provides access to tremendous financial information for small businesswomen and men, students, senior citizens, and small investors.

Golden Gate University is also supportive of the Business Library; these are all angles that can be worked in submitting the supplemental to the Board of Supervisors.

Mr. Curry asked that the Business Library please be kept open.

At this time, Jim McGinnis, a member of the audience, expressed displeasure at the efforts expended on procuring \$60,000 for the Business Library when there are other sorely needed services. He argued that the business community is better able to look after their needs than other sectors of the population, namely the blind and physically handicapped.

Commissioner Englander responded by saying that while it is difficult to reconcile oneself to an effort to keep the Business Library open while

other branch libraries were being turned into reading centers and reducing their services, the supplemental is being sought to keep a working, servicing branch open only until the end of the fiscal year. At that time the budget will be reevaluated to determine the most significant needs of the citizens of San Francisco.

President Bransten went on record thanking David Lelewer and the Friends organization for all their hard work and support to keep the Business Library open.

3. The Commission was visited by Julie Cavanaugh and Florence Friedman of Visitacion Valley. The women object to the methods used by the library to announce the public meetings on converting the Visitacion Valley library into a reading center. Visitacion Valley patrons received notification that their branch would be converted to a reading center on October 31, 1980, just days before the conversion.

Ms. Friedman reported that the next closest branches are 2 and 3 bus rides away. Thus, for senior citizens and children they are almost impossible to get to. With the rise in juvenile crime, Ms. Friedman feels it is imperative to keep Visitacion Valley operating as a library so that the younger members of her community will have somewhere to spend their time. Children should be taught at a very early age the value of the printed word, and if they had a library to go to to exercise their minds, they would become better citizens and would not turn to the streets.

Ms. Friedman argued that the people who have the least, senior citizens and children, are being penalized the most. Ms. Friedman begged the Commission to find another way to cut costs than to convert Visitacion Valley.

Ms. Friedman and Ms. Cavanaugh also commended their librarian, Margaret Kostouros, for her fine work and her interest in the Valley.

In response, Karen Scannell explained that when faced with budget cuts 8 - 9 months ago, the library held meetings at Excelsior and elsewhere to develop the best plan for the San Francisco Public Libraries. The reading centers were a compromise so that no branches would have to be closed. A reading center is less than a branch, but the facility is still open. No materials will be removed, and though the rate of replacement will be slower, the emphasis will be on children's and senior citizens' materials. This is the best the administration can do on its limited budget.

Commissioner Englander also reminded the women that it was the wish of the people to reduce the hours and services, but to keep the libraries open. Once the doors close, the possibility of getting them open again becomes remote.

Commissioner Jebe thanked Ms. Friedman for her support of Visitacion Valley and commended her on her excellent presentation.

4. Roberto Esteves reported that the Communication Center has been approached by the Department of Social Services, in cooperation with the deaf unit of the Catholic Social Services, to join in on a grant proposal for deaf services. Specifically, they want the Communication Center to handle the information/referral component of their grant proposal. It would be a cooperative grant to which the Communication Center would be a subcontractor.

5. William Ramirez asked the Commission to move the adoption of John Frantz's recommendation that the library offer for sale a duplicate set of 13 photographs which comprise a 360° view of San Francisco taken at California and Mason Sts. by Eadward Muybridge in 1878.

According to Section I, Article XIII, Chapter 10 of the San Francisco Administrative Code, there is a Special Collections Fund to which all proceeds derived from the sale of duplicate books from the Special Collections Department are to be deposited.

This would be an excellent way to generate revenue for the Special Collections Department.

Commissioner Stern suggested that the two copies be appraised to make sure we are retaining the best one and to find out exactly what the photographs are worth. To facilitate this, Commissioner Jebe directed the administration to contact the curator of the Eastman House in Rochester, New York.

Commissioner Stern moved the adoption of Mr. Frantz's recommendation; this was seconded by Commissioner Callanan and unanimously approved.

[Update from John C. Frantz: the duplicate Muybridge panorama which the Library is offering for sale was examined and evaluated by Dr. Karen Lewis, Curator of Visual Collections, Harvard University Archives. She suggested a minimum acceptable bid would be \$25,000. On November 12, I spoke with Dr. Janet Berger, Curator of 19th Century Photography at Eastman Kodak who declined to validate Dr. Lewis' estimate because Kodak would probably submit a bid. At her suggestion, I then spoke to Dr. Robert Sobieszek, her predecessor, who indicated bids might range from \$30,000 to \$50,000, the amount listed in the catalog. I personally think the \$50,000 figure is on the conservative side because of the rarity of the item.]

6. Mr. David Murphy, Personnel Officer, reported on the Library's Affirmative Action Program. He told the Commission that the City has signed a consent decree with the Office of Revenue Sharing regarding Affirmative Action, and Civil Service has given the Library the format in which we must reply.

John Frantz, David Murphy, and the senior staff have drafted a plan that is ready to be submitted to the Civil Service Commission for their approval.

Commissioner Callanan reported that the draft was examined at the Personnel Committee meeting and moved the adoption of the draft; this was seconded by Commissioner Stern and unanimously approved.

SECRETARY'S REPORT
MR. RICHARD WALSH

1. Mr. Walsh reported that the rededication of the Yerba Buena Plaque will take place at the Marina Branch Library on November 25, 1980. This is being funded by the Cow Hollow Boy's Club and the Native Sons of the Golden West Presidio Parlor, who equally shared the cost of cleaning, mounting, and framing the plaque.

2. Mr. Walsh reported attending the Friends of the San Francisco Public Library's board meeting on November 5, 1980. He presented them with a few estimates for better security at Bernal Branch library (i.e., screens for windows; sheet metal on the doors). The Friends have agreed to take one of the Department of Public Works' bids and will be funding the project.

Mr. Walsh thanked the Friends for this money.

LIBRARIAN'S GUILD

1. Flo Mitchell asked the Commission to move to close the libraries at 5:00 pm instead of 9:00 pm on Christmas and New Year's Eve.

This was moved by Commissioner Callanan, seconded by Commissioner Stern, and unanimously approved.

OTHER REPORTS

1. Flo Mitchell reported that the Library women's softball team has completed another season with a three-win, three-loss, two-tie record. The team was also in the playoffs.

Heartiest congratulations to all team members.

FRIENDS OF THE LIBRARY

1. Mr. David Lelewer discussed the possible closing of the Business Library. The Friends join the Commission in lamenting the fact that there are inadequate resources to maintain all necessary services.

Mr. Lelewer also stressed that fund-raising devoted to one branch is a temporary measure: the Friends are equally concerned with the other branches. While the Friends were pleased to have raised the \$20,000 for the rent of the Business Library, they are still concerned about the long term prospects and join with the Commission in urging the State assembly, senate and Governor to make funds available next year.

2. Grace Macduff reported that the Friends of the San Francisco Public Library and the Friends of Marin County Free Library are co-hosting a reception for State librarian Gary Strong on November 20, 1980 from 5:00 to 8:00 pm.

KEEP LIBRARIES ALIVE

1. Mary Louise Stong offered support from KLA in lobbying for a supplemental for the Business Library.

2. Ms. Stong asked the Commission to make a motion to write Governor Brown expressing displeasure over his veto of SB 958.

The motion was made by Commissioner Englander, seconded by Commissioner Stern and unanimously approved.

3. President Bransten thanked the KLA for their continuing support.

PUBLIC RELATIONS COMMISSIONER STERN

1. Commissioner Stern reported on a breakfast she attended with Mary Louise Stong and Nancy Kellum-Rose in Sacramento honoring State librarian Gary Strong.

2. Commissioner Stern introduced Cornelia "Peppy" Hunt, the library's new promotion person and commended her for all her fine work.

3. Commissioner Stern reported that the Mary Poppins issue has finally blown over.

4. Commissioner Stern reported on Gladys Hansen's press conference in the San Francisco History Room regarding the proposed San Francisco Museum. It was pointed out to the press how very strongly the Commission feels about the Museum. Mr. Frantz informed the press that the museum was an idea, but that the library should not be cannibalized to fill it.

Because of the crowded facilities of the Special Collections Department, one of the reporters insisted on an inspection by the Fire Department. (The inspection has not yet taken place.)

Mr. Frantz found a report from 1969 in the files and found that many of the actions recommended at that time to eliminate fire hazards have been taken.

It states: "We the undersigned object strongly to the conversion of the Visitacion Valley library to a Reading Room. As residents of the Valley and users of the library, we wish to go on record opposing this action."

2. Mr. Walsh reported receiving a letter from a Mr. Henry Kroll in support of the Business Library.

President Branten directed Mr. Walsh to write a letter of acknowledgement to Mr. Kroll.

NEW BUSINESS

TALKING BOOKS

1. Mr. Jim McGinnis requested the Commission to take action which would make Library Services for the Blind and Physically Handicapped a separate, city-wide branch which would include both adults and children. This branch would be headed by a librarian who would be directly responsible to the Chief of Branches.

Mr. McGinnis stressed that this should only be an administrative change that would facilitate funding and support from the City.

Ms. Kincaid of the Office of Adult Services advised Mr. McGinnis that this is not an issue the Commission can decide in one night. Ms. Kincaid suggested that in order to explore this issue in depth, it should be referred to a committee of the Commission.

President Bransten referred the issue to the Planning and Operations Committee and Mr. McGinnis requested that this issue be put on the agenda of the next meeting.

Commissioner Englander suggested that Karen Scannell, John Frantz, Anne Kincaid and Roberto Esteves attend this committee meeting in order to address the full scope of the issue.

Commissioner Englander also suggested that as we move into planning the new budget year, we give serious thought to some alternative uses for some of our branches, especially with the prospect that not all branches will remain open.

OTHER NEW BUSINESS

1. Mr. Ramirez reported that three Basque officials and their wives visited the library on October 27, 1980. The officials were travelling as guests of the U. S. government under the auspices of the International Visitors Program of the International Communications Agency.

The group discussed the library as a public service institution; how it is administered by the city; how it is funded; the services it provides to its community; and policies and practices in collection and development.

Mr. Ramirez reported that they enjoyed their visit.

ADJOURNMENT

1. There being no further business to transact, the meeting was adjourned at 9:30 pm.

2. The next regular meeting of the Library Commission will be held Tuesday, December 2, 1980, at 7:30 pm in the Main Library.

Respectfully submitted,

Richard Walsh, Secretary
Library Commission

SAN FRANCISCO PUBLIC LIBRARY

COMMISSION MEETING

SAN FRANCISCO
PUBLIC LIBRARY

DECEMBER 2, 1980

The regular meeting of the San Francisco Public Library Commission was held Tuesday, December 2, 1980 at the Main Library.

The meeting was called to order at 7:30 p. m. by President Bransten.

On roll call the following were noted present: President Bransten and Commissioners Stern, Richardson, Englander, Jebe, and Callanan. Commissioner Raymundo was excused.

It was moved by Commissioner Callanan, seconded by Commissioner Richardson, and unanimously approved to accept the minutes of the regular Commission Meeting of November 5, 1980.

LIBRARY ADMINISTRATION REPORT

Mr. Frantz opened his report by wishing everyone a Happy Hanukkah.

1. Mr. Frantz explained that during the last Commission meeting he was in Sacramento with a group of librarian lobbyists and the Deputy Director of the State budget office and the special assistant to the Governor for constituent relations. Both parties expressed great interest in finding common ground to create another SB 958-type bill for the next legislative session which would not be opposed by the Governor.

No specific language was decided upon for the follow-up bill, but both sides agreed to meet again in January to construct both legislation and funding mechanisms which will make the successor to SB 958 a political reality in terms of the State administration.

Mr. Frantz reported that he did not carry out the Commission's motion to send a letter to Governor Brown expressing displeasure over his veto of SB 958. One of the things that developed out of SB 958 was a clear signal to the Senate, Assembly, and Governor's Office that the people of California are very concerned about public library service and are willing to find a way to protect it. Mr. Frantz suggested that attention should now be turned towards positive ways to enlist the Governor's support in moving towards acceptable State legislation in the next session.

President Bransten mentioned that he paid a visit to Wyman Jones, City Librarian of Los Angeles, and discussed ways of getting the needs of libraries and the people who use them to the Governor and the legislature.

Mr. Frantz reported that on a national level the National Library and Information Services Act is still moving strongly. The ALA legislation committee will meet in January to analyze the effects of the election on the Senate and to find new authors for a reintroduction of the Javits-Kennedy bill which died in the last congress. Mr. Frantz is optimistic because of the history of bipartisan support of public libraries in the Congress.

2. Mr. Frantz commended Peppy Hunt on her public relations initiative on behalf of the Library. Ms. Hunt has secured 6 consecutive weekly radio shows in which positive aspects of library services are described. The publicity has been very effective.

3. Mr. Frantz reported that the Affirmative Action Program adopted by the Commission at the November meeting has been transmitted to the Human Rights Commission and the Civil Service Commission. The two commissions have suggested some changes and elaborations and Mr. Frantz and David Murphy will have a revised version for the Commission's consideration by the January meeting.

4. Mr. Frantz reported that Roger Boas has oversight of the development of the Yerba Buena Center and a specific proportion of that development must relate to cultural activities. In an effort to accommodate Mr. Boas, Mr. Frantz outlined a number of possibilities for public library services to be offered in the center:

- A. Business Library: could serve as an attraction to visitors to the center as well as serve as a neighborhood library for the south of Market residents.
- B. Audio-Visual Communication Center: a city-wide service which now includes services to blind and visually handicapped, deaf and hearing impaired, physically handicapped, and normal users.
- C. San Francisco Archives for the Performing Arts: not organizationally part of the Library, but certainly appropriate for the Yerba Buena Center.
- D. Sutro Library: if this were deemed culturally appropriate for the center it could incorporate the Genealogy collection of the SFPL.
- E. New Main Library: Mr. Frantz suggested that Mr. Boas build a new Main Library and the present one could be used as a San Francisco History Museum.

5. Mr. Frantz reported that the rededication of the Yerba Buena Plaque took place on November 25, 1980. The event was well attended and well reported in the press.

6. Mr. Frantz reported that the motion the Commission passed at its November meeting to apply for a supplemental appropriation of \$65,000 now seems premature and excessive. Thus, Mr. Frantz is go-

ing to act as though it is the intention of the Commission that when it becomes obviously necessary, a supplemental appropriation request be submitted.

Given the salary savings so far and projecting the continued accrual of these funds through the third quarter, it now looks as though the Business Library can stay successfully afloat through the fiscal year with only a \$35,000 appropriation. Hence, Mr. Frantz is going to invite the Mayor to approve a supplemental by means of reducing the mandatory salary savings by the amount required to keep the Business Library open - approximately \$35,000. This would not, therefore, be a new cost to the City; it would simply be a recalculation of the amount we are being required to save.

Commissioner Englander expressed displeasure with the handling of his motion and suggested that it be reconsidered and restated so that the City Librarian is clearly acting on Commission wishes.

Observing Commission by-laws, President Bransten appointed a committee to nominate a new president for election at the annual meeting in January. The committee will be chaired by Commissioner Callanan and Commissioners Stern and Richardson will serve as members. President Bransten directed Mr. Frantz to attend and assist at this meeting.

LIBRARY REPORTS

SECRETARY'S REPORT MR. RICHARD WALSH

1. Mr. Walsh reported receiving another petition from Visitacion Valley patrons protesting the conversion of their branch to a reading center.
2. Mr. Walsh reported that the Library was visited by the City Fire Inspector and the State Fire Marshall. He, Al Campos, and William Ramirez took them on a tour of the building. The Fire Marshall will send a written report on their findings.

LIBRARIANS GUILD

1. The Librarians Guild sent President Bransten a letter which was read at the meeting. In essence, the letter calls for action to be taken in placing a children's librarian in the reading center cluster to serve the approximately 15,000 children now left without a librarian.

President Bransten announced having referred this issue to the Personnel Committee upon receipt of the letter.

OTHER STAFF REPORTS

1. No report.

FRIENDS OF THE LIBRARY

1. Ms. Verneta Hill, member of the Board of Directors, gave the Friends' monthly report. The Friends are funding a security program for the Bernal Branch Library at a total of \$2,669.
2. The Friends' drive to raise funds in the business community has raised \$16,000 to date.
3. The Friends' exhibit, "The Imagined City", which has been on display at a number of branches during the past year, will be shown at the San Francisco Airport for three months beginning December 15, 1980.
4. Ms. Hill reported that the Friends have received a \$25,000 grant from the Cowell Foundation to carry out a comprehensive signing program for the Main Library. A visual communications firm has been hired to assess the requirements of the Library and develop a plan for sign locations and messages. If all goes well with this, the Friends expect to receive support from the Cowell foundation for additional projects.

KEEP LIBRARIES ALIVE

1. Mary Louise Stong reported that KLA has contacted legislators on the IRS ruling to tax publishers' inventories and that Senators John Burton and S. I. Hyakowa are following up and are very supportive of the Library.
2. David Sabsay asked Ms. Stong to be part of a panel in L. A. to talk about how citizens can be effective in getting library legislation passed and especially about the public relations effort in San Francisco.

REPORTS OF STANDING COMMITTEES

PLANNING & OPERATIONS
COMMISSIONER RICHARDSON

1. Commissioner Richardson deferred the report to Mr. Frantz. He reported that the committee discussed the problems the Talking Book Library faces in being concealed within the Communication Center organization.

The committee instructed Mr. Frantz to meet with Roberto Esteves, Anne Kincaid, Karen Scannell, David Murphy, and Richard Walsh to see if that service can be reorganized in such a way that the Talking Book Library for the Blind would be clearly visible as a library function.

Mr. Frantz agreed to do that, but pointed out that such a reorganization would not increase the library budget nor the area available. But it may give the Talking Book Library a better footing from which to seek funds from other sources.

Mr. Jim McGinnis reiterated what it is the Talking Book Library for the Blind want. That is, identification as a library service to a specific patronage; this would simply require an administrative change that would facilitate funding for their special needs.

President Bransten referred the issue back to committee.

PUBLIC RELATIONS
COMMISSIONER STERN

1. Commissioner Stern reported attending a SFUR meeting with Mr. Frantz the theme of which was "what roles do libraries have in our public education system?" The two were to be resource people in discussing the financial plight of the SFPL. The meeting brought to light good places to go for funding. Commissioner Stern also mentioned that a follow up meeting in January will attempt to get the schools and libraries to work together.

2. Commissioner Stern also reported attending an Urban Libraries Council meeting in Chicago, at which the revised and amended National Library and Information Services Act was discussed.

SAN FRANCISCO PUBLIC LIBRARY

COMMISSION MEETING

January 6, 1981

The regular meeting of the San Francisco Public Library Commission was held Tuesday, January 6, 1981 at the Main Library.

The meeting was called to order at 7:35 p.m. by President Bransten.

On roll call the following were noted present: President Bransten and Commissioners Jebe, Richardson, Stern, Englander, Callanan, and Raymundo.

It was moved by Commissioner Stern, seconded by Commissioner Richardson, and unanimously approved to accept the minutes of the regular Commission Meeting of December 2, 1980.

LIBRARY ADMINISTRATION REPORT

1. Mr. Frantz asked the Commission to authorize closing the Chinatown Branch Library at 5:00 p.m. on Wednesday, February 4, in observance of Chinese New Year's Eve. Commissioner Stern moved the authorization; it was seconded by Commissioner Englander and unanimously approved.
 2. Mr. Frantz reported that work is proceeding on some minor revisions on SB 958 and that it would lend great impetus to the cause if speaker Willie Brown could be persuaded to become a principal co-author of the bill. Mr. Frantz has written Brown and urged the Commissioners, KLA, and the Friends to do the same and to ask him to affiliate himself with the library aid bill.
- President Bransten also suggested writing to Leo McCarthy and Milton Marks to co-author the bill.
3. Mr. Frantz reported that we are being asked to submit two incremental budgets: one at 91% of the 1980-81 fiscal year level and one at 80%. Presently we are working with \$8.137 million. A 91% increment budget for 1981-82 would be \$7.405 million - a loss of \$732,000 (in unadjusted dollars). An 80% increment budget for 1981-82 would be \$6.509 million - a loss of \$1.62 million (in unadjusted dollars).

Thus, for the 1981-82 fiscal year, the Commission will be faced with many difficult and painful policy decisions. It will be the Commission's responsibility in the new fiscal year to minimize the impact of the budget cuts and try to offset them with funding from other sources, including the State library bill.

4. Mr. Frantz directed the Commission's attention to a report made by Roberto Esteves on the expenditures of LSCA grant funds for fiscal year 1977-78 for the Communications Center. About 69% of the funds were expended on the blind and physically handicapped.

5. Mr. Frantz and Commissioner Stern met with two representatives of Roger Boas on December 22 in response to Mr. Frantz's letter proposing some aspect of public library service as one of the cultural uses of the Yerba Buena Center. The consequence of the meeting is that Roger Boas and John Igoe, acting development director, are taking the request seriously and want to explore the alternatives in some depth, in order to provide an additional outlet for public library services as part of the cultural activities in the Yerba Buena Center.

Mr. Frantz made it clear that the San Francisco Public Library is not seeking an additional library function to cost additional City money, but some relief from the pressure on present functions from lack of physical space. Commissioner Stern and he also modestly suggested using it as a site for a new Main Library. The suggestion was not ruled out, but it was viewed as unrealistic.

6. Mr. Frantz directed the Commissioner's attention to an interim report on the use of the Lockheed Dialogue Data Base. Mr. Frantz reported that it has been a very successful experiment to date and has cost less than estimated to use.

After 55 minutes of debate, Commissioner Jebe moved to table the issue until the next meeting; this was seconded by Commissioner Raymundo. Upon roll call, the motion was passed 4 ayes to 3 noes.

PUBLIC RELATIONS
COMMISSIONER STERN

1. Commissioner Stern reported that the Thor amendment had been lost. The Thor amendment was introduced by Senator Moynihan to exempt publishers from the retroactive application of the IRS ruling to tax publishers' inventories for 1979 at full value. However, exemption for 1980 and subsequent tax years will be brought up again in the new session of Congress.

Commissioner Callanan reminded the President that the passage of this motion does not preclude additional nominations by Commissioners. However, there were no other nominations.

President Bransten congratulated Commissioners Richardson, Jebe, and Raymundo on their election. He also thanked all those who helped the Commission in the past year: each of the Commissioners, John Frantz, Friends of the Library, David Lelewer, Grace Macduff, Mary Louise Stong and the KLA, Peppy Hunt, and Mayor Feinstein for her help with SB 958. President Bransten also thanked the staff of the library: William Ramirez, Karen Scannell, Anne Kincaid, Richard Walsh, and the entire support staff.

SAN FRANCISCO PUBLIC LIBRARY 19 1981
COMMISSION MEETING

SAN FRANCISCO February 3, 1981
PUBLIC LIBRARY

Minutes

The regular meeting of the San Francisco Public Library Commission was held Tuesday, February 3, 1981, at the Main Library.

The meeting was called to order at 7:30 p.m. by President Richardson.

On roll call the following were noted present: Commissioners Richardson, Stern, Jebe, Raymundo, and Englander. Commissioners Bransten and Callanan were excused.

It was moved by Commissioner Jebe, seconded by Commissioner Raymundo, and unanimously approved that the January 6, 1981, Commission Meeting Minutes be accepted.

CITY LIBRARIAN'S REPORT
Mr. John C. Frantz

1. Mr. Frantz reported that incremental budgets will probably be unavoidable next year. He is scheduled to meet with Mayor Feinstein at 2:00 p.m., Friday, February 6, to discuss the effects the budget at different incremental levels will have on the Library.

Also at this meeting, Mr. Frantz hopes to find out whether or not the Mayor has any strong feelings regarding the Library's service program in general.

2. Mr. Frantz attended the open house in honor of Commissioner Jebe's exhibit of photographs at Excelsior Branch Library.
3. Commissioners Richardson and Stern were reappointed by Mayor Feinstein to new four-year terms on the Library Commission.
4. The Library signed off a Memorandum of Understanding with the Librarians' Guild on January 16, 1981.
5. Tom Bourne from the Wilson Library Bulletin visited us. He is doing a story on the Library in advance of the San Francisco ALA Conference for the June issue of the Bulletin.
6. Services to the blind and visually handicapped will be discussed at the February 5 meeting of the Board of Supervisors' Consumer and Urban Affairs Committee.
7. Mr. Frantz announced that the successor bill to SB958 is now in the legislative drafting room.
8. At the next Commission meeting, March 3, 1981, two or three representatives from BALIS (Bay Area Library and Information System) will attend to discuss affiliation with San Francisco Public Library.

SECRETARY'S REPORT
Mr. Richard Walsh

1. Mr. Walsh announced the following Library Commission committee assignments for 1981:

FINANCE (Last Thursday of the month, 4:30 p.m.):

Commissioner Jebe, Chair; Commissioners Raymundo and Stern.

PERSONNEL (Third Tuesday of the month, 4:30 p.m.):

Commissioner Callanan, Chair; Commissioners Englander and Raymundo.

PLANNING & OPERATIONS (Third Wednesday of the month, 4:30 p.m.):

Commissioner Englander, Chair; Commissioners Callanan and Bransten.

PUBLIC RELATIONS (Last Wednesday of the month, 12:00 n.):

Commissioner Stern, Chair; Commissioners Bransten and Jebe.

2. The Friends of the Library provided funds for a security system at 45 Hyde Street. The security system, much like that at Bernal Branch, is now being installed. Mr. Frantz will send a thank you letter to the Friends.
3. The Library should be having its windows washed soon.

LIBRARIANS' GUILD

1. It was reported by Florence Mitchell that the Library Administration has not yet provided a guard at the entrance of the Main Library.

OTHER STAFF REPORTS

1. Mrs. Scannell reported that there is a dispute going on between the San Francisco Art Commission and the muralists regarding copyright for the murals at Bernal and Potrero Branches. In the past, the muralists have retained the copyright while the City maintains ownership; in most major cities this is true. The City wishes to hold copyrights as well as ownership.

There was discussion on vandalism, publication of pictorial postcards, etc. in connection with copyright ownership.

The Library Commission has been asked for its opinion so that the dispute can be settled. If the Commission would like to discuss this further, a muralist will be invited to address the Commission.

Commission President Richardson, as a member of the Art Commission, will bring a report back to the Library Commission.

2. Mr. Ramirez reported that a supplemental budget for the Business Library may not have to be presented, as it may not be necessary.

Because there are no Civil Service lists for librarians, and probably will not be until June, vacant positions have been filled with temporary replacements. The substantial number of such replacements has resulted in considerable savings in fringe benefits for the Library. Salaries for Business Library personnel may be paid from these unforeseen savings.

KLA

1. Mary Louise Stong reported on a meeting with Hadley Roff. Mr. Roff seemed to be very receptive as to what a Library is, and KLA was able to get a few points across to him.

3. Library supporters are urged to join and support CLA; this will help in efforts to get Library legislation across.

2. The Friends of the Library are going to help fix up the lobby of the Main Library as a memorial to George Moscone and Harvey Milk. The entrance doors may be refurbished. Plants, attractive signs and improved lighting will be added.
3. Mary Louise Stong reported that the signing project is allowing for directories on every floor.

NEW BUSINESS

1. Mrs. Gregory A. Weingetz of the Genealogical Book Buying Committee addressed the Commission with the concerns of the Daughters of the American Revolution and other patriotic societies regarding the state of the collection and service of the genealogy section since September 30, 1980.

They expressed concern regarding the many donated books that have still not been cataloged, that are missing, etc. and the fact that the room is not staffed.

The Genealogical Book Buying Committee is requesting that the collection be transferred to the Daly City Public Library as they have indicated willingness to provide housing and service.

Commissioner Englander asked that the Book Buying Committee obtain a letter, addressed to the Commission, from Daly City Public Library requesting the collection, stating that they would be willing to establish the collection there.

The Book Buying Committee is invited to meet with the Library Commission's Planning and Operations Committee on Wednesday, February 18, 4:30 p.m., to discuss this matter further.

President Richardson also invited the members of the Genealogical Book Buying Committee to join KLA, the Friends of the Library, and urged them to become lobbyists for Library funds so we can afford to have such special services as a staffed genealogy section.

There being no further business to transact, the February 3, 1981, Library Commission meeting was adjourned at 9:20 p.m.

The next regular meeting will be held Tuesday, March 3, 1981, at 7:30 p.m. in the Main Library.

MINUTES OF THE
SAN FRANCISCO PUBLIC LIBRARY
SPECIAL COMMISSION MEETING
February 13, 1981

FEB 24 1981

SAN FRANCISCO
PUBLIC LIBRARY

A Special Meeting of the San Francisco Public Library Commission was held on Friday, February 13, 1981, in the Main Library.

The meeting was called to order at 4:15 p.m. by President Richardson.

On roll call, Commissioners Stern, Bransten, Jebe, Raymundo, Englander, Callanan and Richardson were present.

BUDGET MEETING WITH THE MAYOR

Mr. Frantz reported that it seemed difficult to get a real discussion going on the question of the Business Branch versus the Main Library because there was an almost matter-of-fact acceptance that the Library system would close one day a week moving the whole system to a five-day schedule, and that the Business Library would be closed. At one point in the discussion, Mr. Frantz suggested that the City offer the Business Library lock, stock and barrel to some committee of the corporate community. This suggestion seemed to be well received by the group.

The question was put: After you close the Business Branch and the system for one day a week, what else are you going to do to realize the savings required? We said that we would close branches. Criteria for selecting which branches to close were briefly discussed. The Library has been urged to maintain, as best it can, the geographic coverage around the City and to keep operating those branches which are viewed the most substantial and busiest branches, such as Chinatown.

Mayor Feinstein suggested that Mr. Frantz talk to Merrill Ring at the Bank of America about the possibility of using City-owned sites now occupied by libraries for commercial development in exchange for maintaining or restoring branch library services in such a facility. Mr. Frantz will meet with Mr. Ring to see if anything can be done in this direction.

Finally the Library's FIRM program results were discussed. It was agreed that the Library is doing a good job in meeting its FIRM program goals.

METHODS OF REDUCING COSTS (PERSONNEL)

Mr. Ramirez and Mrs. Scannell presented budget alternatives and recommendations, on the personnel level only, with regard to the 1981-82 budget at 91 and 80 percent incremental levels. There was lengthy discussion on what would need to be done in order to achieve the required reductions.

It was moved by Commissioner Raymundo, seconded by Commissioner Englander and unanimously approved to close the Main Library one day a week (Monday or Saturday).

There was discussion on closing the Business Library. A poll was taken in which the Library Commission unanimously opposed the closing of the Business Branch.

It was moved by Commissioner Raymundo, seconded by Commissioner Callanan and approved that the motion regarding closing the Main Library one day a week be reconsidered and withdrawn.

There being no further business to transact, the February 13, 1981, Special Commission Meeting was adjourned at 6:45 p.m.

Respectfully submitted,

CITY LIBRARIAN'S REPORT
Mr. John C. Frantz

MAR 16 1981

SAN FRANCISCO
PUBLIC LIBRARY

1. Mr. Frantz reported that last Wednesday, February 25, 1981, a public libraries appropriation bill (SB358) was introduced in the State Senate. The bill calls for about 25 million dollars in State aid for public libraries.
2. Mr. Frantz summarized the impact of the incremental budgets. He explained that the Mayor instructed the Library to submit two budgets, one at the 91 percent level of this year's budget and a second at the 80 percent level, and that it was the Library's duty to submit these budgets to the Mayor by March 1. He stressed the fact that the Library does not want reductions as they only spell eventual destruction of the Public Library.

The only major change in the incremental budgets, since the Special Commission meeting of February 13, is that a reduced-hour schedule has been proposed that will enable the Library system to remain open six days a week. No alternative to closing the Business Library has been found yet.

There was lengthy discussion on the 1981-82 budget, in which Mr. Jack Cheng, Trans-Cal Realty, urged the Commission to consider a financial proposal to assist the Business Library. His plan was referred to the Planning and Operations Committee for discussion and consideration.

Commissioner Englander moved that the incremental budget be submitted to the Mayor as is, but under great protest. Commissioner Bransten seconded the motion and added that an adequate budget should also be submitted at the same time. The motion was unanimously approved.

The Finance Committee is directed to get together with other interested City departments that also have a 91 percent constraint on them, in cooperation with KLA, and explore every possibility of additional funds for the Library, including the drafting of legislation creating a special tax to support libraries and other cultural and educational institutions.

SECRETARY'S REPORT
Mr. Richard Walsh

1. Mr. Walsh acknowledged receipt of letters supporting both the Business Library and the Main Library.

PLANNING AND OPERATIONS

1. The Planning and Operations Committee met with a group of persons who are concerned with the present state of the genealogy collection. It was discovered that there are several genealogy collections in the area which need to be considered. At the meeting it was agreed that the San Francisco Public Library would attempt to coordinate the efforts and activities of the various genealogical collections and the curators of these collections. The staff is in the process of working out recommendations to address these concerns. The Commission has received a copy of a letter, a plan of operations, which Mr. Ramirez has written in response to concerns about this Library's genealogy collection. There will be an on-going effort to coordinate the services of the various genealogical collections, which include SFPL's, Sutro's, the San Bruno, Federal Records Center, and the California Genealogical Society.

PERSONNEL

1. Commissioner Raymundo moved the adoption of Resolution #1237, this was seconded by Commissioner Englander, and unanimously approved:

APPROVED, Non-Civil Service Temporary and Recertification of Temporary appointments made during the month of February, 1981.

FINANCE

1. It was moved by Commissioner Jebe, seconded by Commissioner Englander, and unanimously approved that the following resolution be accepted:

RESOLUTION #1238

RESOLVED, that the Library Commission hereby authorizes the attendance of Marilyn Thieme and Faith Van Liere at the seminar on Legal Research for the Non-Law Librarian, to be held in San Francisco on March 25, 1981, in accordance with the Library's plan for Cooperative Reference Services; expenses to be paid from CLSA funds, 1980-81, as such funds permit.

2. It was moved by Commissioner Englander, seconded by Commissioner Jebe, and unanimously approved that the following resolution be accepted:

RESOLUTION #1239

RESOLVED, that the Library Commission hereby accepts a gift of \$5,000 from Shinnyo-En California to be used for the purchase of books and other library materials which describe, explain, or discuss the cultures, customs, and philosophies of Asia so that better understanding and communications between the Asian and American peoples may be achieved.

NEW BUSINESS

1. It is the intention of the Planning and Operations Committee to consider, over the next several meetings of the Committee, alternate uses of the branches proposed for closing so that they will not be abandoned or closed without a plan for their future use. All interested persons are asked to submit suggestions to Mr. Frantz who will bring them before the Committee.

There being no further business to transact, the March 3, 1981, Library Commission meeting was adjourned at 10:40 p.m.

The next regular meeting will be held Tuesday, April 7, 1981, at 7:30 p.m. in the Main Library.

Respectfully submitted,

SAN FRANCISCO PUBLIC LIBRARY
COMMISSION MEETING

APR 27 1981

SAN FRANCISCO
PUBLIC LIBRARY

April 7, 1981

Minutes

The regular meeting of the San Francisco Public Library Commission was held Tuesday, April 7, 1981, at the Main Library.

The meeting was called to order at 7:40 p.m. by President Richardson.

On roll call the following were noted present: Commissioners Raymundo, Jebe, Stern, Englander and Richardson. Commissioners Bransten and Callanan were excused.

It was moved by Commissioner Raymundo, seconded by Commissioner Jebe, and unanimously approved that the March 3, 1981, Commission Meeting Minutes be accepted.

CITY LIBRARIAN'S REPORT

William Ramirez for

John C. Frantz

1. The first of two of the Mayor's public hearings on the City budget was held on Saturday, April 4; about 120 people attended. The second hearing is being held Tuesday, April 7, at Anza Branch; Karen Scannell is representing the Library at that meeting.

At the Saturday public hearing Sally Brunn spoke on the subject of branch closings and Mr. Bob Barker, Democratic Workers' Party, expressed feelings about branch closings and the Business Library.

2. A complaint against the Library has been filed with the U. S. Department of Education by Mr. Jim McGinnis and others on behalf of the blind and visually handicapped library users. This complaint has been forwarded by the Department of Education to the Office of Revenue Sharing. The Library is being represented by Mr. Tom Berliner, City Attorney's Office, in this matter.
3. Mr. Ramirez reported on his recent visit to the Library of the California Historical Society. There he met and discussed the status of the genealogy collection at the Main Library with Mr. Bruce Johnson, the California Historical Society Librarian, and Mr. Jerry Wright, Genealogy Librarian. They both were interested in the prospects of increased future cooperation and of merging existing genealogical collections.

Changes in the Genealogy Room include a modest increase in page hours so that books can be reshelfed more consistently and a sign posted which refers researchers to the DAR volunteers where they can get additional research assistance. So far, this arrangement seems to be working well. Later this week a rope will be installed for better control of the materials in the Room. In addition, a sign-up register will be available for patrons to sign before using the genealogy collection. The family name index prepared by DAR volunteers will be installed in the Genealogy Room for use by researchers. Continuing efforts will be made to make these materials as accessible as possible.

4. The Library has received a copy of a letter from Gregory Hurst, Executive Vice-President of the Chamber of Commerce, to the Mayor stating that the Chamber has decided not to participate directly in any efforts to maintain the Business Library.

5. Supervisor Carol Ruth Silver's ordinance establishing a special tax to provide revenues for operating expenses for public libraries has been introduced to the Board of Supervisors. This legislation also provides funding the Art Commission, Asian Art Museum, Fine Arts Museum and the War Memorial. The objective is to provide these agencies with funding at the pre-Proposition 13 level in adjusted (1981) dollars.
6. The Civil Service Commission has approved the Library's Affirmative Action plan.
7. The Friends of the Library recently employed the services of Polaris Research and Development (formerly known as URSA) to assist in establishing procedures for a long-range planning process for the Library. The resulting report, "San Francisco Library Study," has just been issued. Briefly it summarizes the findings from questionnaires and interviews with people that Polaris felt are key figures in the Library's development and, further, it proposes a process for initiating a long-range plan, specifying particular roles and functions for key groups and individuals.

There was lengthy discussion on the Library's need to become the information center of the City.

Commissioner Englander made a recommendation to Richard Walsh and William Ramirez that they take up with Mr. Frantz the problem of interlibrary communication and the need to produce a written communication to all staff on a weekly or a biweekly basis.

The Friends of the Library are trying very hard to get a public relations person for the Library to help improve library communications.

There was lengthy discussion about the possibility of a Library Commission meeting, with Library staff only, so that staff might express their ideas, suggestions and opinions concerning matters such as the budget, alternate uses of the branches, etc. without the public present. As this is not possible because the Commission can only function in public meetings, the Library Commission invited the staff to submit suggestions, ideas and criticisms in any form of communication to the Commission who are very eager and interested in hearing from the staff regarding such matters. The staff is also encouraged to attend the monthly Commission meeting as well as the frequent Committee meetings.

8. All City Departments can now accept gifts up to \$5,000 in value without further approval of the Board of Supervisors. Library Commission approval is sufficient now to accept all gifts to the Library under this new limit.
9. There will be a public hearing on SB 358 (state funding for public libraries) before the Senate Education Committee on Wednesday, April 22, 9:30 a.m., State Capital, Room 4203.
10. Because staff shortages have created many backlogs in vital support activities and have increased the need to close departments for periods of time, Mr. Ramirez recommended a reduction in public service hours for the Main Library, from 63 hours to 57 a week, opening each morning at 10:00.

Past surveys have consistently indicated that public use of departments between 9 a.m. - 10 a.m. is much lighter than at any other time during the day. The

Minutes

5/5/81

The regular meeting of the San Francisco Public Library Commission was held Tuesday, May 5, 1981, at the Main Library.

The meeting was called to order at 7:35 p.m. by President Raye G. Richardson.

On the roll call the following were noted present: Commissioners Richardson, Bransten, Stern, Jebe, Englander and Callanan. Commissioner Raymundo was excused.

CITY LIBRARIAN'S REPORT John C. Frantz

1. Sally Brunn of KLA reported on the bill by Supervisor Carol Ruth Silver proposing a special library tax. Ms. Brunn stressed that we must be aware of the political realities involved in this proposal. During the Mayor's hearing, it was said that unless the bill has the support of the Chamber of Commerce and the Newspapers, it's going to be difficult to get it passed.
2. Mr. Frantz reported on the status of the Mayor's budget. Either late this afternoon (5/5) or early tomorrow morning (5/6) the Mayor's Budget will go to the Controller's Office. The Mayor was unwilling to close branches or curtail services beginning July 1, 1981. She thought such reductions in library services have not been adequately explained to the people of the City and that we might do some irreversable damage to the Library System. She asked Rudy Nothenberg to prepare a total appropriation which will keep the Library financially stable beginning July 1, 1981 through at least eight months of the new fiscal year. During this time a study proposed by the Friends of the Library would be made and the Library Commission would be charged to hold detailed public hearings into the problems facing the Library in order to analyze the impact of the recommendations and gain community acceptance.
3. SB358 will be taken up by the Senate Finance Committee sometime in June and then go to the Assembly Ways and Means Committee. An appropriation of \$23 million has been added to the measure.
4. Mr. Frantz and Commissioner Englander attended a meeting of the Board of Directors of the Archives of the Performing Arts last month when a resolution was adopted to disband the corporation and disperse the collection..

5. Mr. Frantz reminded the Commission that the ALA Convention opens Friday, June 26th at 8:00 p.m. On Sunday, June 28th, there will be a large reception in the Davies Concert Hall. The Convention runs through July 4th. The headquarters will be at the Hilton Hotel. The library is involved indirectly through Anne Haldeman, co-chairperson of the Local Arrangements Committee. Mr. Frantz reminded everyone that we are the host of this convention and encouraged Commissioners to attend at least some of the functions.

SECRETARY'S REPORT

Richard Walsh

1. Mr. Walsh introduced Mr. Ray Johnson, his new secretary, to the Commission.

LIBRARIAN'S GUILD

1. No Report.

STAFF REPORTS

Karen Scannell

1. Ms. Scannell reported that the renaming of the Eureka Valley Branch, in the honor of the late Supervisor, Harvey Milk, will take place at the branch on May 19, 1981 at 6:30 p.m. There will be a week of planned activities after the dedication ceremony. Commissioners were urged to attend.
2. Ms. Scannell also reminded the Commission that on December 4, 1979 the Commission adopted a preliminary plan for the mural at the Ortega Branch. Through several meetings of a committee, a general consensus of the design is now finalized. A model of the mural is on display at the Ortega Branch. A motion was unanimously approved that the model be brought to the next Commission meeting.

FRIENDS OF THE LIBRARY

Verneta Hill

1. Ms. Hill reported that the annual Friends of the Library Book Sale will be held from Thursday, May 14 through Sunday, May 17 at Pier Two in Fort Mason.
2. Ms. Hill also reported that the Friends of the Library has received 14,955.00 from the B. Dalton Book Company to be used to stimulate children's interest in reading.

PLANNING AND OPERATIONS COMMITTEE

Commissioner Englander

1. Commissioner Englander stated that the Committee met at 4:30, Thursday, April 23. He reported that after considerable discussion of main library security the committee made a motion recommending: the library rules of conduct be reprinted and widely distributed, the guard desk be relocated to the entrance, an intercom be added to the guards telephone, and the stairways and rotunda be cleared of any code violators.
2. Commissioner Englander moved that a letter be sent from the President of the Library Commission to the President of the Police Commission requesting police surveillance of the Main Library at periodic but unannounced intervals and also that the two Commission Presidents meet to discuss the problems facing the staff and patrons at the Main Library. The motion was seconded by Commissioner Callanan and unanimously approved.

PERSONNEL COMMITTEE

Commissioner Callanan

1. Commissioner Callanan moved the adoption of Resolution #1247. It was seconded by Commissioner Englander and unanimously approved.

APPROVED, Non-Civil Service Temporary and Recertification of Temporary appointments made during the month of April, 1981.

PUBLIC RELATIONS COMMITTEE

Commissioner Stern

1. Commissioner Stern suggested to the Commission that the Commission meeting time be changed from 7:30 to 4:30 p.m. Mr. Walsh will poll the Commissioners to see whether 4:30 p.m. meetings would be feasible.
2. Commissioner Stern also reported that the Friends are prepared to sponsor a study of the Library System, possibly by Lowell Martin, a nationally recognized library consultant.
3. Mr. Eric Noble presented a petition to the Commission opposing the cutback in the Main Library's operating hours. It was explained to Mr. Noble that it was not the wishes of the Library Commission to curtail services, but under the present budgetary restrictions, curtailment was indeed necessary. It was suggested to Mr. Noble that he send a copy of the petition to the Mayor.

Commissioner Englander thanked Mr. Noble for his time and effort. President Richardson encouraged Mr. Noble to continue in his support for the Public Library and to write the Mayor, the Governor and the President.

FINANCE COMMITTEE
Commissioner Jebe

1. Mr. Englander made a motion to support in principle Supervisor Carol Ruth Silver's legislation for a special tax but stated full support of the bill should wait for the final draft. This was seconded by Commissioner Bransten and unanimously approved.

CITY LIBRARIAN'S REPORT
John C. Frantz

Mr. Frantz was pleased to announce that on June 1, 1981, the Mayor's budget was released and it was substantially what he expected. The budget ratified Mr. Frantz's report to the Commission on May 5, 1981. The Mayor's budget allowed the Library an eight month funding period which allows the Library to conduct a study designed to help the Library provide better services for less dollars. The budget will be heard by the Planning Committee of the Board of Supervisors on the afternoon of Thursday, June 18, 1981.

Mr. Frantz also reported that Mr. Ernie Siegal, former deputy city librarian in Los Angeles, on May 18th became the Contra Costa County Librarian.

Mr. Harold Martelle, former assistant city librarian to San Francisco, announced his plans to retire this summer, Mr. Frantz stated.

It was further reported that Mr. Al Spence, Librarian in the Literature Department, did an editorial reply on TV station KRON, subjected "Charging Fees". Mr. Frantz commended Mr. Spence and went on to comment that he thought the reply was structured very well.

MESSAGE FROM THE MAYOR

The Honorable Dianne Feinstein

"Madam Chairman, members of the Library Commission, and friends. I want to begin by first saying to the Library Commission: I want you to know that you, the Library Commissioners, are doing a splendid job in the most difficult of circumstances. And I know you take home enormous honoraries and feats and there is probably very little thanks. But I want you to know that this Mayor is very thankful for what you are doing. To Keep Libraries Alive and the Friends of the Library, who shared such great support out there, I am very much aware of the fact of how closely held libraries are for me and the city. and the closing of a library is only second to the closing of a police station. Maybe in many communities it comes long before the closing of a police station.

Message from the Mayor
(continued)

Fortunately this year, we are in much better budgetary shape than we believe we will be in during the upcoming years. The reason for this is because our tax revenues are increasing at 5.4 percent and our costs, just the basic costs of inflation, at 10 to 12 percent. And that is the basic problem.

The problem with the library budget for us really came with the fact of the CETA workers, who staffed so many of your libraries. At its optimum, I believe there was 90 CETA workers and at the close of the budgetary year 50. The cost of resupplying those CETA people with city personnel cost one million dollars. We could not afford to pull an extra million dollars out of another city department to provide that personnel.

We then looked at the first branch to close, the business branch. As people will tell you, anybody walking down the street past the Business Branch today, they saw a library filled with people. And that is a fact, it was filled with people. And as you look around the city you realized very strongly that we have 27 branch libraries, libraries that are closely held and in high regards because we have always known them to be there.

Many communities use the library as a community center. It is a fact that for some communities the library is the only room they have to meet in, to be able to touch, to explore issues and to have a sense of community participation. So our libraries play a role in addition to making book-lending services.

Unlike the Department of City Planning, Park and Recreation, who may raise their fees, libraries should be free or as free as you can make it with the exception of fines. People ought to have access to a book and I believe in that very, very strongly, without having to pay for it. Delinquents, that's another story, but for many, libraries represent the only source of books that individuals may have.

So it is very important to have good libraries, libraries that are stocked well and libraries that meet the needs of our people. I am very much aware as are you, better than I, that in some areas of the city we have as many as five libraries servicing essentially the same clientele. The question arises: Could we have less in that area? Could they in fact be better stocked with supplies? Could they have longer hours at less cost than the five libraries and actually provide a greater public service? In other libraries where the library use is very, very, very, very low, if it serves as the only community use, it then may be viable to continue it and yet there may be another way to continue it or even relocate it.

In essence, what I am asking you to do in the next eight months, which was worked out with our budget sessions with you librarian and members of the Commission whom attended; Friends and Keep the Libraries Alive, get that study under way. It is estimated that the study will take about six months. And then I am asking you as Commissioners, to go out into the community, take a look, examine who is using our library, examine what the deficiencies of them are, hold public hearings and see if we can't evolve a modern library plan which would carry us securely into the 1980's so that every year, libraries don't have to go through re-mobilization, the panic and the worry that we might be cut. Assure everyone once and for all that a good look is being taken at all our services.

Is there a way to provide better services for the disabled and the hearing impaired than we do now? Is it possible to expand service hours in certain library branches or to expand book collections in certain libraries so that we might be able to provide better services than we are doing now?

We are in an era, where, unfortunately, and this saying has been used over and over again; it says that we have got to renew our examinations of all the services that we give and find a way to do more for less. Some of our city departments have been able to do it this year. I actually believe that San Francisco's Park and Recreation Department, which has been cut back also, because of the reorganization that they have, may be well able to give better services. Additionally they are in MBO, they have all their units of use in the computer, they know who uses each park and how heavily it is used, and they were able to change their service levels to provide maintenance and I think it is going to work out by this years end that we are going to find out that Park and Recreation are actually giving better services for less dollars. And that's because we have examined and challenged and we have created management, which that director has done, we're able to come out of it stronger than that in which we originally went in.

You have an excellent director, I mean to tell you. We are blessed by John Frantz. I am an enormous fan of his and also of yours (Library Commission). It must be said that members of your commission, when we were holding hearings on our tax package last year, attended and participated. For that I am very grateful. Those of you who trudged out to the Richmond Library and the Mission Street Library hearings and participated in our effort to go to the elective and ask them to increase our various taxes and that is one of the reasons that we are in such good a shape as we are in this year.

So my message is to you essentially: 1) do the study, 2) then have two months to get out into the community, and 3) examine each of the twenty-seven branches and come up with some recommendations for the end of the fiscal year which has the general public consensus. I am convinced that we can give better library services for less dollars. That is the challenge to this Commission.

I know that each and every one of you is dedicated and love the library system. Now you have got to get out there and evolve a way to protect it into the 1980's.

END OF THE MAYOR'S SPEECH

Discussion with Mayor

Question: Have you made any decision yet as to how you feel about the Carol Ruth Silver's approach to budgetary control?

Answer: Yes, I have. Supervisor Silver came in to see me and asked me for my support and I said, most regretably, that I could not support the measure. I'll tell you why

1. I think it will lose.
2. I was out there when the legislature was carrying this. Take for instance, a loan, like the business tax increase measure. We now have 23 million dollars from that increase impounded. What we have is a 23 million dollar argument before the account clerk's report and I'm hopeful that we will win it. We will experience cuts much less if the measure wins. If we shouldn't win it, it is my intention to go back to the elective in June of next year and try again from that two-thirds vote. In my best judgement the June election is the best. The November is a low turn out election and it is going to be very difficult to win a measure.

I think that the business tax point, frankly, is the best thing to take. We have security endorcements with the newspapers, who supported us once before. There is no reason to believe that they won't support us again. We have the Chamber of Commerce, Labor and of the Neighborhood groups. And so I feel that it is imperative that I deliver a package which is four tenths of a percent increase, 1.1, 1.5% business tax. I don't think that an over-ride issue would win. Oakland had an over-ride issue for police services, and they did very bad. We have yet to see how Los Angeles will do, but I think that's the wrong way to go. Two-thirds vote is very difficult to get. In virtually every poll we have ever done there are approximately a third of the people, 33.3% to be exact, who will vote against motherhood and green grass. That leaves a 66 2/3 margin left. So in order to win, we've got to get the support of everybody else and it is a tremendous effort.

Question: One of the questions if I may, when we get further along the road with this study, come up with some recommendations of what we think is the best possible service, and offer to the city, library services in the parameters we were given. There is obviously going to be a political convention to this move to close libraries and we are not in the best position to make those political decisions. The Supervisors will obviously have a say in what kind of facilities in what districts will remain or go and I hope we don't get chewed up in a political process, over and above what we think are the best services we can deliver. I hope that what you will permit us to do, as you advisors, is to offer you the best plans for library services. On that basis and that basis alone, to let us go out and do the study; I hope that is your intent.

Question: That is the intent, I assure you. We would like to have the best plan for library services. Now, bear in mind that libraries have to be geographically distributed throughout the city so that everybody has an opportunity for a fair share. Beyond that, I'll just have to take the political flack. I would like to be assured that that is the case and any plan that you can come up with, we can say that library services throughout the City and County of San Francisco are better for this plan and here's how they're better: 1) these libraries are staying open longer, 2) these libraries have their book inventory beefed up and other services added to them whatever it may be and that we can say: Library Services are fairly geographically distributed.

I realize that there are certain areas of the city that are higher library users than others. At the same time, the geographical distribution must be fair and spread around equally.

A Message from Rudy Nothemburg
Executive Deputy Director for Programs & Administration

"What we have done is to allot the library the necessary funding needed to complete the proposed study by the Friends.

What we have not been able to do, as the Mayor pointed out, is to provide the cost of CETA appointments that you, the library, is going to be missing. The reduction in spending, if you want to call it that, is primarily our inability to replace CETA employment. If we look at the budget for last year at the same time, it was 8.2 million dollars. This year it is 8.9 million dollars. You are looking at only a \$700,000 dollar increase, not enough to cover the costs of replacing CETA employment. What we did with the 700,000 dollar increase was to attempt to allow you an increase that would enable you to replace at least some of the employees on a temporary basis. This would allow you the library enough time to complete the survey." Mr. Nothemburg warned that this increase should be looked at very carefully as not to run out of money before the end of the allotted time for which the money was issued.

"Through a standard city government process, every city department comes in to the controller's office with a 91% budget. After money was distributed, it was found that we had a bit of money left over. I'll tell you what we did with that extra money. Six hundred thousand dollars went to the Fire Department to provide better fire protection for the city and eight hundred thousand dollars went to the Public Library System. That is how our little pot of money which we had left was distributed.

I would like to emphasize that it was very much the Mayor's wish that it be distributed in that way, but it was not sent to the library without some expectations. By that I am referring to the proposed study to provide better reference and professional library services at less cost.

Thank you very much.

COMMISSION MEETING

7 Minutes

The regular meeting of the San Francisco Public Library Commission was held Tuesday, July 7, 1981, at the Main Library.

The meeting was called to order at 7:49PM by Vice President Walter Jebe.

On roll call the following were noted present: Commissioners Raymundo, Jebe, Stern, and Englander. Commissioner Callanan came in late. Commissioners Bransten and Richardson were excused.

It was moved by Commissioner Englander, seconded by Commissioner Stern and unanimously approved that the June 2, 1981, Commission Meeting minutes be accepted with the provision that the transcript of the Mayor's speech be copy-edited.

CITY LIBRARIAN'S REPORT

Mr. John C. Frantz

Mr. Frantz was pleased to announce that Mr. Richard Walsh, Secretary of the Library Commission was now home, feeling much better and taking less medication.

Mr. Frantz reported on a very successful observance of the Philippine-American Cultural Week activities which took place here in the Library and several other locations during the week of June 12th due largely to the efforts of Ms. Dalisay Bocobo-Balunsat, General Reference Librarian.

Also reported was that the San Francisco Chronicle ran an article on the supervisors budget which essentially approved the Mayor's request for full funding for eight months during which time we will prepare a plan for reorganization of Library Services.

Senator Stafford, from Vermont, introduced Senate Bill 1431 on June 25th. The other senators on the bill are Kennedy, Pell and Randolph. This is the successor bill to the Library Services and Construction Act which expires at the end of next year with an automatic one year renewal. On the house side hearing will be held during the months of August and September on the reauthorization of LSCA including the text of SB1431. The San Francisco hearing will be held on September 28th. Testimonies will be coordinated by the Washington office of the American Library Association, the National Citizens Committee and the Urban Libraries Council. The prospects for categorical grant programs are not good. On the other hand, libraries have had bi-partisan support for the last 30 years in Congress. The Library Services and Construction Act has been recognized as a successful program, so we have a number of things going for us.

Mr. Frantz reported on the success of the American Library Association (ALA) Convention. The registration was somewhat 12,000. The staff of the San Francisco Public Library was highly commended for their work and enthusiasm. Ms. Anne Haldeman, Head of Adult Services, acted as co-chairperson of the local arrangements committee and deserves recognition of the fine job that she, along with the members of that committee, did.

SB358 is due for action by the full senate within a few days. It is hoped that by the end of the recess, August 10th, SB358 would have been approved by the Senate and referred to one of the committees in the Assembly early in the session.

The Civil Service Commission gave a Librarian I exam during the ALA Convention week. This exam was especially scheduled because of the possibility of individuals wanting to take the exam while attending the ALA Convention. This exam will be given through the next few weeks for individuals still here and staff who have not taken the exam. It was noted that several of SFPL staff members are serving on that examination board.

The Commission will remember that quarterly for the past year, we have been convening as a systems advisory council. The San Francisco Public Library System was classified as a single jurisdiction entity. Now that SFPL has begun affiliation with the East Bay, Mr. Frantz will request that President Richardson appoint a Commissioner to be the member of this Systems Advisory Council of the BALIS System.

It was moved by Commissioner Stern, seconded by Commissioner Raymundo and unanimously approved that the following resolution be adopted:

RESOLUTION #1258

WHEREAS, Effie Lee Morris served with high professional distinction as Coordinator of Children's Services for the San Francisco Public Library for more than fourteen years, and

WEREAS, Effie Lee Morris was an inspired and inspiring mentor of Children's Librarians in providing materials and services to children and parents, and

WEREAS, Effie Lee Morris developed, during her tenure, a systematic and comprehensive retrospective collection of children's literature which is heavily used by students, teachers, parents, historians and children, now, therefore, be it

RESOLVED, that this collection, built with love and care and intelligence, be, and hereby is, designated the Effie Lee Morris Historical and Research Collection of Children's Literature.

SECRETARY'S REPORT
Mr. Richard Walsh

Ray Johnson extended to the Commission Mr. Walsh's deepest regret for not being able to attend this meeting of the Library Commission.

OTHER STAFF REPORTS.

Ms. Karen Scannell introduced to the Commission Ms. Joan Jackson, Librarian from the Potrero Branch. Joan Jackson along with Ms. Margo Bors, resident of Potrero Hill presented to the Commission the proposed mural for the Potrero Branch Library. The mural has been approved by the Art Commission. It was moved by Commissioner Stern and seconded by Commissioner Englander and unanimously approved that this mural be approved by the San Francisco Public Library Commission.

Ms. Joan Jackson also notified the Commission that Potrero Branch has been offered on a long-term loan basis a piece of sculpture. The sculpture was designed and made by the late Ms. Blanche H. Cook of the Potrero community. Ms. Cook's family has offered this piece of sculpture to be displayed in the Potrero Branch in memory of Ms. Cook. A picture of the piece of art was shown to the Commission. The estimated value of the sculpture is \$1,000.00. It was moved by Commissioner Englander, seconded by Commissioner Raymundo and unanimously approved that this loan be accepted by this Commission.

The regular meeting of the San Francisco Public Library Commission was held Tuesday, September 1, 1981, at the Main Library.

The meeting was called to order at 4:35 PM by Vice President Walter Jebe.

On roll call the following were noted present. Commissioners Raymundo, Jebe, Stern, Englander, Callanan, and Bransten. Commissioner Richardson was excused.

It was moved by Commissioner Callanan, seconded by Commissioner Englander, and unanimously approved that the July 7, 1981, Commission Meeting minutes be accepted.

CITY LIBRARIAN'S REPORT

Mr. John C. Frantz

Mr. Frantz, on behalf of the Commission, welcomed Mr. Richard Walsh back from his illness.

He then asked Anne K. Halderman, Coordinator of Adult Services to report on the status of the affiliation with the Bay Area Library and Information System. She stated that on July 1 both San Francisco and San Leandro had become members of the consolidated system. Many procedures have been revised to reflect this change. Benefits to San Francisco in the approved 1981/82 BALIS budget include access to OCLC and RLIN from the General Reference Department, a copy machine and related expenses, payment of TWX bills, two microfiche cabinets, and production costs for the union list of serials. Our participation in the intrasystem delivery and toll free weekend library line are also covered. Development of the intersystem reference program will start in October when the new System Reference Coordinator begins working.

Hayward has announced its intentions to affiliate with BALIS in July, 1982.

Mr. Frantz reported that on June 22, 1981, the Library's depository collection was officially inspected by Miss Helen Holt representing the Office of the Superintendent of Documents. Mr. Ramirez reported that an excellent rating was received for organization, maintenance, service to the public and cooperation with the Government Printing Office. A rating of good or very good was received for staffing, space standards and interlibrary cooperation.

SB358 has been converted by the author, Senator Nielsen, into what is called a two year bill. This has the effect of delaying action on the bill by the Senate to as late as January. There are two problems: (1) the Republicans in the Senate are not in favor of the bill and, (2) we are faced with the problem of funding for the bill. We are not, however, defeated on the issue yet but we are clearly delayed. The outcome is in doubt.

It was moved by Commissioner Englander, seconded by Commissioner Callanan and unanimously approved that the following resolution be adopted

Resolution #1263

WHEREAS, The Master of Library Science degree at the post-baccalaureate level is the generally-recognized academic credential for entry into librarianship, and

WHEREAS, a study conducted by the California Library Association in 1977 identified thirty-six specific professional tasks which may be required from the first day of work by an entry-level librarian, and

WHEREAS, the accreditation policies and procedures used by the American Library Association assure a rigorous and effective evaluation of graduate-level training in librarianship, now therefore

BE IT RESOLVED, that the San Francisco Public Library Commission hereby approves the policy of requiring candidates for Librarian I to show evidence of successful completion of requirements for a Master of Library Science degree from a graduate program accredited by the American Library Association.

SECRETARY'S REPORT

Mr. Richard P. Walsh

Mr. Walsh reported that the final design for the mural at Ortega Branch will be reviewed soon by the Art Commission. The sunset Mural Workshop has received a \$2,000.00 grant from the Zellerbach Family Fund which will kick off the project.

The handicapped ramps for the front of the Main Library are on schedule. Currently the granite for completing the project is being cut. The scheduled date for completion is Mid-December.

During the Week of August 24, the San Francisco Progress ran a picture with Ms. Florence Lee at the Marina Branch commemorating the old Yerba Buena School cornerstone plaque which is located at the Marina Branch. Pictures of the Yerba Buena School have been added to that display.

Mr. Walsh also reported that the Commission Room walls would be replastered and painted soon.

Mr. Frantz reported that the party for the Mayor Summer Book Club was a tremendous success.

KEEP LIBRARIES ALIVE COMMITTEE

No report.

PLANNING AND OPERATIONS COMMITTEE Commissioner Englander

Commissioner Englander reported on the Planning and Operation Committee meeting which was held on August 4, 1981. In accordance with Supervisor Willie B. Kennedy's letter of June 19, 1981, the purpose of that meeting was to explore alternative measures for bringing library services to San Franciscans to assist in coping with reduced availability of resources for the Public Library System. It was determined that according to the letter, which suggested the use of public school libraries for the general public after 3:30 PM as well as the use of libraries at State Secondary Educational Institutions located in San Francisco, the initiative for developing this type of library system would have to come from the school and related institutions. It was agreed that Mr. Frantz would write a letter to the school district and other state institutions to find out their interests.

PUBLIC RELATIONS Commissioner Marjorie Stern

Commissioner Stern announced that in the Chronicle, many library articles have been published recently. Because of one article by Don White, the Business Library, according to Mr. Gilbert McNamee, head of that branch, reportedly has received \$300.00 in donations.

The National Council of Jewish Women has expressed to the Commission that they desired to adopt the Business Library. It was moved by Commissioner Englander, seconded by Commissioner Callanan and unanimously approved that the Commission write a letter to the National Council of Jewish Women welcoming their interest in us and offering all possible cooperation to them.

NEW BUSINESS

Mr. Jim McGinnis, a patron of the Communications Center, expressed his concern over the procedures followed in order to establish new hours of operation, who decides what is to be in the collection for the handicapped, etc.

Mr. Marcellino requested that the Communications Center request a telephone listing under the heading of 'Library for the Blind'. He also requested to know the status for repairing a listening and taping machine at the Communications Center.

Mr. Roberto Esteves, head of the Communications Center responded to the gentlemen by telling them money has been authorized for the repair of the reading machine for the blind. LIBRARIAN'S GUILD
Ms. Florence Mitchell

It was moved by Commissioner Englander, seconded by Commissioner Jebe and unanimously approved that the San Francisco Public Library System be closed on Saturday, December 26th, 1981 in observance of the Christmas holiday and Saturday, January 2, 1981 in observance of the New Year s holiday.

Annual Reports for the San Francisco Public Library can be found in the depository collection in the Science and Documents Department of the Main Library.

On behalf of the Librarian's Guild, Ms. Mitchell expressed the following concerns regarding the Lowell Martin Study:

1. The Guild is opposed to the idea that staff assisting Mr. Martin in this study will be paid from the Library Budget.
2. The questionnaire which was distributed was vague and unclear. Also, to whom will this questionnaire become the property of when all are received?
3. The Guild opposed to the election process used as a method for forming the Advisory Committee for this study.

Ms. Mitchell also expressed that the minutes should have contained information regarding the Planning and Operations Committee meeting that was held at the Communication's Center.

Commissioner Englander stated that the Mayor has asked the Commission to take another look at how library services are being delivered and to investigate areas for improvement with limited resources.

The Friends are sponsoring the Lowell Martin Study and has the support of the Commission. Commissioner Englander further stated that concerns about the Advisory Committee should be directed to Mr. Martin. He also expressed his hope that the staff would feel a professional responsibility to give upmost cooperation to Mr. Martin.

PLANNING AND OPERATIONS COMMITTEE
Commissioner Maurice Englander

Commissioner Englander reported that the Committee findings from the meeting held at the Communications Center are that we are not ready to change anything permanently in that branch in the near future, except to try to accomodate, to the best of our ability, the variety of services offered at the Communications Center. The meeting was a survey of the attitudes and desires of the principal users of that branch. It was also an opportunity for Lowell Martin to hear some of the concerns of the public. As it turned out, we were in no way able to make any specific reccommendations as to what to do with the branch by way of further modifications to services.
